February Program

Mosaic Knitting

Join us at the February meeting for Mosaic Knitting. Mosaic is a great, deceptively simple technique for two color knitting that uses just one color in any row to create fascinating patterns with interplay of both color and texture.

We're going to try something new with our Mosaic Knitting—a Rochester Knitting Guild Knit Along. We'll learn the technique at the Guild meeting on the 10th and then put what we've learned to good use in the KAL that will run until the next meeting on March 16th.

You'll need two colors of smooth worsted weight yarn with good contrast to show off the pattern and needles appropriate to the yarn – size 7, 8 OR 9. Bring enough to play around with at the meeting. You can decide to participate in the KAL after you take Mosaic Knitting for a spin.

See you then

—Meg Weglarz

Community Knitting

Winter is back, and many of our neighbors are still don't have the items they need to keep warm. Please keep the scarves/cowls/mittens rolling in. These small projects are the perfect way to experiment with color and new techniques!

There's also a special request for premie hats this month from Cindy and Jacob Proano that will be presented to the NICU at Strong on National RareDiseaseDay on February 29th to bring attention to retinopathy of prematurity, a vision condition that can afflict premature infants who receive supplemental oxygen.

Jacob Proano (Cindy's son) is a second year medical school student and a knitter who created this service project. Some of you may remember when he visited the guild a while back with his sock knitting.

Auction/Raffle News

February is a great time to sort through your stash to see what's there, make room for new treasures, and pull those yarns/books/tools that just don't bring you joy anymore. What to do, what to do??? Bring them to any RKG meeting from now through April for the yarn auction/bag raffle in May. We will sort and store all donations until the big night.

Any questions? Ask Meg Weglarz or email auction@rochesterknitting.org.

Don't forget!

TREASURER'S REPORT to the ROCHESTER KNITTING GUILD

Jan 13, 2020

We have taken in just about \$5,000 in dues to date from approximately 190 members. (There is no mid-year discount for members who join late in the year.)

We have paid \$6,300 for the use of Temple B'rith Kodesh for the year (an increase over previous years' costs), as well as approximately \$300 each for space for monthly board meetings and insurance. We have paid \$350 for space for the Lorilee Beltman workshops, and \$925 for the rental of space at Stella Maris for the spring retreat; fees from participants in those events will cover the cost of those rentals.

Our webpage costs us \$80 per year, and the board has spent approximately \$360 to date for newsletters, postage, membership materials, and other administrative costs. Costs and income from our raffle ticket sales have just balanced each other out, to date, at about \$260, but this balance doesn't include the remaining five raffles scheduled this spring, plus of course our silent book auction in March and the yarn raffle in May.

As of Jan. 1, our bank account balance is \$18,250.00, and we anticipate being within our budget for the year. I am happy to answer any questions you might have, to the best of my ability. I can also supply a more detailed copy of our ledgers to anyone who is interested; simply email me at Treasurer@RochesterKnitting.org

Petty Cash Policy for Rochester Knitting Guild

The following Petty Cash Policy needs to be added to the Rochester Knitting Guild by-laws, and therefore requires a majority vote by a quorum of the Guild. We will be officially voting on this proposal at our March meeting. If you have any questions about it, feel free to ask any Board Member.

- Petty cash will be listed as an asset on the Rochester Knitting Guild's chart of accounts. These monies are to be used only when an expense cannot be defined within the labels on the chart of accounts.
- The petty cash fund is a total of \$75.00.
- The Treasurer is responsible for managing petty cash and must keep supporting invoices of payments made through petty cash.
- There is a maximum limit of \$65.00 per individual purchase. Amounts higher than this will be paid by check.
- The amount spent, and the remaining petty cash should always be reconcilable back to the approved amount of the fund.
- Unscheduled cash counts should be conducted by another person from time to time to ensure the accuracy of the cash balance stated in the petty cash register.
- Petty cash is currently used as seed money for change for the monthly raffles. \$10.00 is provided to the greeters at monthly meetings. The change seed money and the raffles revenue are returned to the Treasurer as the close of the meeting.
- The Treasurer has a form for use recording petty cash expenditures.

Attention Members:

Have you been wondering how you can be more involved with the Guild? We are looking for nominations to fill two Board positions for the 2020-2021 season. They are the Vice-President and Director 1 spots. It's a great way to enhance your experience within the Guild and you don't have to do it alone. The current Board is here to help AND you can even share a spot with a friend. If you think you have what it takes, please see me or drop me a note at president@rochesterknitting.org to get more information.

Rochester Knitting Guild welcomes

Lorilee Beltman

Four Days of Workshops: April 17, 18, 19, 20, 2020

The Rochester Knitting Guild is delighted to welcome **Lorilee Beltman** for our Spring 2020 Workshops. Lorilee happily sees no end to where knitting curiosity can take you, so she loves to help knitters make new discoveries. For the past ten years she has enjoyed her students at over one hundred national events, and she looks forward to meeting you in class! Lorilee is patient with every student and packs her classes with content and lots of extra tips you can really use.

Registration forms and full class descriptions are available online at: <https://rochesterknitting.org/special-events/>

Have you ever knit a glorious sweater but the bind-off on the ribbed button band or collar just didn't do it justice? Like many other knitters, I have several books of Cast-Ons and Bind-Offs as well as many YouTube videos in my library because I am always searching for the best techniques for the best bind-offs and cast-ons. I only recently tried the challenging Tubular bind-off and while it looks good, I know there's room for improvement. In **Totally Tubular** (Monday morning class), we will master the art of crisp, professional edges as we learn and practice the tubular cast-on AND tubular bind-off so that our sweater beginnings and endings can look fabulous and match nearly exactly. This technique is not just for sweaters—it can improve any kind of project that needs a crisp edge. Lorilee's goal is to have the student understand and practice to the point of no longer needing to look up instructions.

I love big cables and I cannot lie. Although I've been cabling without a cable needle for years, in a class last May, Lorilee showed us something very different from the other methods of this technique that I've seen and tried—and it wasn't even a cable class! Whether you are new to cables or an accomplished cabler, you are sure to find something to learn or improve in **Cabling Without a Cable Needle** (Monday afternoon class). She also will show us how our cables can be guilty of "man-spreading" and how to teach those cables some manners!

Library

Welcome members to a new month.

This month Meg will be teaching us about Mosaic Knitting. We only have one book on Mosaic Knitting, but this book is written by Barbara G. Walker, who invented Mosaic Knitting. This book is filled with many fascinating patterns and covers the topic nicely. If anyone would like to borrow this book, please see me at the library table. I will have it in reserve for whoever wants it. But it will be first come first serve, so don't delay. And please have your membership card with you in order to check it out.

At our January meeting Natalie showed us a veritable cornucopia of different shades of the same old dreary colors. She actually showed us the use of color wheels in matching opposites in hues that would normally seem impossible to work with. We have so many books to choose from. Here are three of my favorites:

Colorwork Stitches: Over 250 Designs to Knit, by Interweave Press

Colorwork Socks: Patterns to Knit, by Kathleen Taylor

The essential guide to Color Knitting Techniques by Margaret Radcliff

These books aren't specifically on Color Work, but they do cover the subject:

Free-Spirit Shawls: 20 Eclectic Knits for Every Day, by Lisa Shroyer

Cast on, Bind Off: 211 Ways to Begin and End your Knitting, by Cap Sease

One One: Hats: Thirty Projects from Just Two Skeins, by Lisa Schreier

The Knitter's Book of Yarn: The Ultimate Guide to Choosing, Using, and Enjoying Yarn, by Clara Parks

We have more books that have Color Work in them. If you are interested in any of them I can help you find what you are looking for at the meeting. Or you can check our LibraryThing catalogue at

<https://www.librarything.com/home>, collection name "ROCHESTERKNITTINGGUI" to find a book you like and email your request to me at librarian@rochesterknitting.org. One small hint, when searching LibraryThing for books, use the smaller search bar of the two in the top right corner of the page. That will directly search the guild's library rather than the entire LibraryThing website.

In March we will be having our yearly Book Auction, so if you have any books, magazines, or patterns that you no longer need please bring them to the February Meeting. We look forward to your donations.

Please remember that the April Meeting is the LAST opportunity to borrow from the library for the program year (September – May). Books, etc., may not be checked out and kept over the summer. All outstanding loans must be returned no later than the May meeting at the end of the guild program year. Also, special requests for the purchase of new books and DVDs may be made via email or at a meeting. Library purchases are made following board consideration and approval.

Thank you all. And have a happy and safe Valentine's Day.

The Cast On That's Pure Magic

Friday-April 17, 2020, 9am – Noon

Experience: Students must have experience with knit and purl and like trying new things.

Description: Estonians have been using it since the 1970s. Americans were turned on to it when Judy Becker taught us via *Knitty* in 2006. If you haven't learned it yet, here's a perfect opportunity to learn and apply the Magic Cast-On. What's exciting is all the possibilities it offers to knitters! We will learn it, then work our way through ways to apply it.

Symmetrical lace scarves? You don't have to use and pick out waste yarn. Shawls that start with a garter-stitch tab? You don't have to pick up stitches on that icky cast-on edge. Toe-up socks? You don't have to tighten up loose stitches from Turkish or figure-8 cast-on, plus we will learn a common wedge-toe and a rounded-toe version. Infinity loop cowls? You don't have to pick out the waste yarn of a provisional cast-on. Hems? You don't have to sew down, and you don't have to pick up bumps of a long-tail cast-on and wonder if you're in the right column. This is general knitting knowledge you will apply to many areas of your knitting life.

Lorilee can work with conventional knitters, mirror-image left-hand knitters, and combination knitters in a way that suits you.

Colorful Cast Ons

Friday-April 17, 2020, 1:30 - 4:30 pm

Experience: All levels are welcome in this class.

Description: When starting a project do you feel you're not getting to the fun part until well after the cast on? Try these colorful cast-ons to add interest to your project, and to add extra entertainment value for you, the knitter. You'll be able to apply the techniques learned to add a modern touch of color to your next garment. Or, by adding colors to the cast-on edge, you can introduce colors that appear later in the piece. The options are so plentiful that there is more in the handout than we have time to try, but we'll choose our favorites and proceed at a good clip. Although the class moves along, the pace is relaxed because we make small swatches. You can even skip one once in a while if you need a rest. Many are easy, but some are advanced. The teacher hopes to bring the beginners along on the advanced exercises!

Colors that Climb (6 hour class)

Saturday-April 18, 2019: 9 am-Noon + 1:30 - 4:30 pm (6 hour class with lunch break)

Experience: Intermediate

Description: Explore various ways that color can be added when contrast stitches climb vertically from round to round. These techniques do not inhibit the elasticity of the fabric. We'll play with simple zigs and zags, colorful cables, lines between lace, and purl-only columns that look like caterpillars. We'll explore its sketchy history; it is used in Rovaniemi knitting, as a substitute for duplicate stitch in argyle, and it even appears in a Japanese stitch dictionary. After class, apply the coloring techniques to existing patterns worked in the round.

Pick Your Knits & Purls—Continental Knitting

Sunday-April 19 2020, 9am – Noon

Experience: This class is suited for knitters with 0-50 years experience.

Description: When you learn Lorilee's brand of continental knitting, you will minimize your hand motions for a more comfortable, and perhaps speedier, way to knit. Each finger has a job to do. Understand exactly what motions have a bearing on stitch gauge (it's not what you think!). Learn to create even knitting by sizing your knits and purls equally. Learn how your choice of tools affects your outcome. Practice the knit stitch then move on to purl and ribbing where efficiency really pays off.

Fitting Socks for Ample Ankles

Sunday- April 19 2020, 1:30 pm – 4:30 pm

Experience: Students must be comfortable with cast on, knit and purl. Students must have some sock-knitting experience and be comfortable working with fingering weight yarn.

Description: Don't be left out of the fun of knitting your own socks simply because your ankles and calves (or those you knit for) are more ample than average. In class, we will discuss a few easy-to-apply strategies for customizing your own "plain vanilla" sock recipe, with specific features designed to improve your comfort. Continue in class applying the strategies to your homework with the goal of making a complete ankle section of the sock which may be finished after class and saved as a personal template. Does your ankle measure between 10 and 14 inches or more? You'll fit right in!

Totally Tubular

Monday – April 20, 2020, 9am – Noon

Experience: For the advanced-beginner to intermediate knitter. Students should know how to cast on, bind off, knit, and purl, and should have completed several projects.

Description: For crisp, professional edges on your knitted ribbing, tubular is the way to go. Students will learn and practice a tubular cast-on for both k1 x p1 and k2 x p2 ribbing. We will learn the method that requires no waste yarn nor crochet hook. On our swatches, we then learn and practice the tubular bind-off for each, so that our sweater beginnings and endings can look fabulous and match nearly exactly.

Cabling Without a Cable Needle

Monday– April 20, 2020, 1:30 pm – 4:30 pm

Experience: Students should be comfortable knitting, purling and following pattern directions, but prior experience with cables is not necessary.

Description: Do you love gorgeous cable knits? Do you find that working cables slows you down a lot? Even if you are new to cable knitting, this class is for you. We will learn how to cross those cables in various configurations without the assistance of a cable needle. Once you learn this technique you can cut out that step where you have to look up the text translation of the charted symbol. Imagine cabling without glancing over at the words to get them done! You may even encounter fewer errors as you work.

A tidy appearance is important, too. Have you noticed, in your ribbing and cables that the left-most knit stitch looks sloppy? Are you familiar with the term "man-spreading"? Well, this stitch looks like it has taken its seat and done just that. We will learn why it happens and then teach that stitch some manners! Class also includes tips for keeping track of when it's time for that cabling action row.

Note: Student should be comfortable knitting, purling and following pattern directions, but prior experience with cables is not necessary. Do you love gorgeous cable knits? Do you find that working cables slows you down a lot? Even if you are new to cable knitting, this class is for you. We will learn how to cross those cables in various configurations without the assistance of a cable needle.

**Four Days of Workshops:
April 17, 18, 19 & 20, 2020**

The Rochester Knitting Guild is delighted to welcome **Lorilee Beltman** for our Spring 2020 Workshops (*please note the corrected dates, the Sept Newsletter was incorrect*). Lorilee happily sees no end to where knitting curiosity can take you, so she loves to help knitters make new discoveries. For the past ten years she has enjoyed her students at over one hundred national events, and she looks forward to meeting you in class! Lorilee is patient with every student and packs her classes with content and lots of extra tips you can really use.

Her articles and designs have been published in books, magazines, and online mags. She is a 2018 Knit Star teacher, the former techniques columnist at Knitty, and an online instructor at Interweave and at Craftsy where her classes are consistent best-sellers. Cheri Switzer and Cindy Proano took several classes with Lorilee last spring and think that our members will really enjoy not only Lorilee's low key teaching style but also her interesting approaches to tried and true techniques!

**Location: First Baptist Church of Rochester
175 Allens Creek Road, Rochester, NY 14618**

Registration: Registration for 2019-2020 members will begin at the October 28th Guild meeting, following this procedure:

Select your classes on registration form and submit payment.

Member registration will continue until the November 11th meeting; after that date, non-members may register if space is available.

If not registering in person, please send registration with payment by mail to Cheri Switzer at the address on the form *after October 28. No phone or e-mail registrations accepted.*

Lunches: Lunch breaks will be 1½ hours. You may brown-bag it or go out to eat. There are a huge variety of eateries in that area of Monroe Avenue. No snacks or beverages will be provided at the workshops, but you may bring your own. The Workshop Classroom will NOT be open over the lunch hour, but there may be additional space at the facility if you bring your lunch.

Waiting list: If a workshop is full by the time your registration is received, you will be contacted either by phone or email to ask if you wish to be on a waiting list for that workshop, and hold your registration.

Cancellation: You may cancel your registration subject to a \$15 fee until March 1, 2020. Due to our commitment to the teacher, **no** cancellation can be accepted after March 1, 2020, unless your seat can be filled. The cancellation would still be subject to the \$15 fee. Your check will be cashed within one week.

Reminder: Only registered attendees are permitted in the classroom.

Inquiries: Any inquiries should be made to Cheri Switzer by email to Cheri.switzer@gmail.com or by phone at 585-385-2690 (evenings) or Cindy Proano ciproano@gmail.com or phone 585-506-6447

Fees: \$40 for guild members; \$45 for non-members (see special fee for Saturday workshop).

Registration forms are available in this newsletter and at www.rochesterknitting.org. Registrations will begin at the Guild's meeting on October 28, 2019.
