President's Message

Happy New Year everyone! I hope 2026 is wonderful for you all. I like to start the year with a brainstorm of what I'd like to accomplish, new things to try, and experiences to have. This year I've put together a Life Bingo card of things—many of the squares include fiber-related fun and activities with friends. What are you looking forward to this year? Maybe you will find inspiration at our January 12th zoom meeting from Tinking Turtle's presentation *A Year of Repair*. I hope you join us!

February Preview: *A Year of Repair* Featuring Jennifer Raymond of The Tinking Turtle

We are delighted to welcome Jennifer Raymond of The Tinking Turtle, an expert in both knitting and crochet repair, as our January presenter. Jennifer will join us via Zoom on Monday, January 12, 2026, at 7:00 PM for a thoughtful and inspiring presentation titled *A Year of Repair*.

In this talk, Jennifer explores the deep connections between repair, community, and handcraft through four repair projects—one for each season of the year. Each project tells a story rooted in caution, creativity, and care, highlighting not only how we repair, but why we do.

Winter brings tales of Christmas stocking repair, when sentiment and tradition meet skill and patience.

Spring, a season of renewal, also marks a time when many handcrafts are packed away. Jennifer reflects on repair as restoration, transformation, and intention. Summer features the “big doozies” of repair—heavily damaged crochet bedcovers and tablecloths that test both technique and resolve. Fall introduces the familiar culprits of damage—puppies, children, and kittens—and includes discussion on how objects become precious enough to repair, how we can help them last, and yes... the absolute necessity of weaving in the ends (even for crocheters!).

Please mark your calendars and plan to join us for this engaging and meaningful presentation.

If you'd like to attend as part of a Zoom watch party, visit the Rochester Knitting Guild website, where host locations will be posted. The Zoom link will also be emailed to members the weekend before the event.

We hope you'll join us for an evening that celebrates skill, story, and the beauty of making—and mending—by hand.

Community Knitting

I hope everyone had a wonderful holiday and is looking forward to 2026. If you're like me, you spent much of December getting holiday projects finished. As you start to think about new projects for 2026, please consider making an item to donate. Just about all of the items collected so far this year have already been donated, but there is still a lot of winter left in our area and a lot of people who have need for warm handmade items. My contact at Strong says they always need baby items, especially small blankets to go on top of baby carriers (did you know hospitals are not allowed to release babies wearing coats or snow suits as the outerwear interferes with secure buckling in the baby carriers). The cold winter months are also a great time to make a lap blanket for the Meals on Wheels 2026 campaign. Hats, mittens (we never get enough mittens!) and scarves for children and adults are always needed as well.

Our January meeting is via Zoom, so you've got another month to make something to donate. Hopefully I'll see some new faces at the donation table dropping off items in February!

Happy 2026 to everyone!

New year, new knitting goals, and new shop info

This month's feature is one of our not-for-profit member shops,

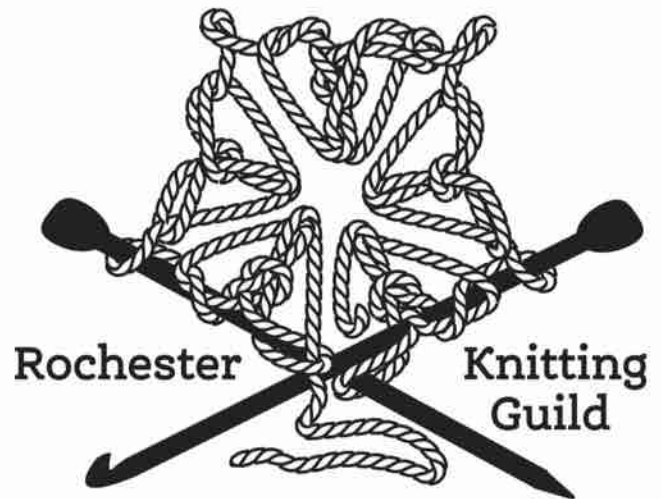

Hidden on the west side of town, next to a pizza shop, and a dog groomer, sits Crafting for Good. It was started by Sheryl Byer in the back of a church, years ago. It grew so much, that a store front was necessary.

This shop is proud that all of its merchandise is donated. Their stock includes quilting fabric, sewing machines, notions of all sorts, and YARN. A knitting machine has even been spotted in the shop at times. The inventory rotates but assortment of yarn can always be found. You never know what gem of a skein you will find. There are also many crafting books.

The store's profits benefit the Rochester community via food & water donations.

Store hours are Wednesday, Thursday, Friday 12-5, and Saturday 10-3.

Hints from the help Table

Out with the Old; In with the New!

Do your New Year's Resolutions usually include organizing your yarn stash? That [room] [closet] [basement] where your yarn basks in all of its happy glory?

Mine, too. And I usually wind up organizing one or two plastic containers before my energy level takes a dive. I come across yarn I forgot I had, and yarn I decided long ago that, after knitting with it, I would never use again. Worse, I have dozens of label-less fragments whose fiber content is a mystery.

But it's hard to get rid of it. It's too much to toss. Or, it's too pretty. Or it's souvenir yarn from Hawaii. But it must be dealt with, and for that, RKG is a godsend.

Now, for the hard part: how can you detach from yarn to which you were once, and probably still are attached?

For me, it's getting easier because I have reached SABLE (stash acquired beyond life expectancy) So, in rare moments of rationality, I can look at a yarn whose charm has long worn off, and ask myself, "Am I really going to use this? Really? When?" And if the answer is "Never," then "Hello, Rochester Knitting Guild"

The Guild has two great avenues for donation: the Annual Yarn Auction, and Community Knitting. It's just that easy. Bring in your yarn. Leave it at the Community Knitting table. Or hand it to the Auction Chair. Speaking from my own experience, one person's discards are another's acquisition (Don't tell Mr. Sensitive Baby Skin, because I'm supposed to be on a yarn diet). Last year, I donated a sweater's worth of gradient yarns, because I thought it too scratchy. Also, some green and purple mohair boucle from the 1980s. Okay, I did come home with some ArtYarns sock yarn, but good diets have cheat days. And I did wind up with less yarn than I started with.

So, out with the old, in with the new! Happy New Year and Happy Knitting!
